ACY 2018-19

TWO DAY WORKSHOP ON QUANTITY SURVEYING-COST ESTIMATION

A Workshop was organized for II B.Tech Civil Engineering Students on " QUANTITY SURVEYING-COST ESTIMATION" in association with TVR Training Institute and consultancy, Visakhapatnam on 10th and 11th of August 2018 at Pragati Engineering college.

The Workshop was organized in E-classroom, Civil Engineering Block for 30 members of II B.Tech students Civil Engineering .The workshop was started by 9.30A.M by honouring the guest with a bouquet of Plant.

TVR Consultancy is a civil engineering construction company with decades of practical and involved in various constructions activities, civil works, site management, architecture and structural designing etc founded by T. Venkateswar Rao(TVR). TVR had decided to bridge the gap between the industries and the institutes by teaching and training the students on practical civil engineering across the country. TVR is focused on training students on various software's to make them ready for civil software jobs and also for project management to fit them as site engineers in construction industries. TVR also offer Technical Tours to civil engineering students across the country.

Sri T.Pavan Kumar workshop trainer

The students were very much motivated by his words and liked the session very much. They said that they would transform themselves accordingly since knowledge is a transformation in the way which we excel.

Two students spoke that this lecture is very useful for them, which improved their confidence and communication skills.
