## **NEWS LETTER**

### **JULY 2019 – DECEMBER 2019**

#### **COLLEGE VISION**

“To emerge as a premier institution for technical education in the Country through Academic Excellence and to be Recognized as a Center for Excellence in Research & Development, catering to the needs of our Country.”

#### **COLLEGE MISSION**

“To realize a strong Institution by consistently maintaining State-of-art-infrastructure and building a cohesive, World Class Team and provide need based Technical Education, Research And Development through enhanced Industry Interaction.”

#### **ABOUT THE DEPARTMENT**

The department is committed to strengthen the academic, research and functional abilities of the students, in order to enable them to stand as competent and versatile professionals after graduation. The department strives to enhance research activity in the department, thereby creating competent intellectual resources to the students.

The department conducts various events for revealing scientific, engineering, and technological advances to students. The students participate in events and national level contests, conducted by various institutes.

#### **DEPARTMENT MISSION**

The department of mechanical engineering strives.

**M1:** To prepare, educate and guide students by the faculty from all domains of mechanical engineering in enhancing their skills.

**M2:** To establish and utilize world class resources and infrastructure to impart quality education and promote Research aptitude among faculty and students to pursue higher education in diverse fields.

**M3:** To explore the students’ knowledge gradually through industrial interaction for increasing their placement potential to fulfil the basic needs of the society with ethical and social responsibility.

#### **DEPARTMENT VISION**

To be a globally renowned school of mechanical engineering in transforming individuals into professional engineers with world class competency and state-of-the-art research to fulfil the technological needs of the society.

## FROM HOD-DESK

DEPARTMENT OF MECHANICAL ENGINEERING is publishing News Letter “ME Times” with half-yearly by student editors, Faculty members and it will be shared to all the stake holders through website.

It is with great pleasure that we bring you the Second issue in VOLUME 17 of ME-TIMES, the half yearly newsletter of DEPARTMENT OF MECHANICAL ENGINEERING in Pragati ENGINEERING COLLEGE. The name of our newsletter- ME-TIMES- signifies VALUE TIME, and it very aptly sums up the prospects of our Institute. With faculty that consists of bright minds and students who are keen to leave a mark, our future is in safe hands indeed. We are thankful to our students for coming up with the name and logo of the newsletter. The current newsletter highlights the activities of our students and the achievements of faculty during the past one year. It also features visits by eminent scholars from India and abroad to PRAGATI ENGINEERING COLLEGE. This newsletter also throws light on the infrastructure that MECHANICAL DEPARTMENT in PRAGATI ENGINEERING COLLEGE has, and the facilities that it provides. The intent of ME-TIMES is to disseminate information about our Institute, and we hope that the readers find the issues informative and useful. We are thankful to the faculty and staff of PRAGATI ENGINEERING COLLEGE for their valuable inputs, and we welcome suggestions and feedback that will help us improve further. We can be reached at [newsletter@pragati.ac.in](mailto:newsletter@pragati.ac.in).

## ARTICLE BY STUDENTS

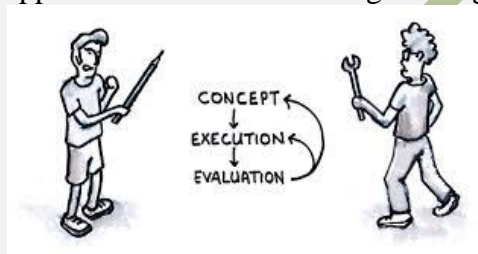

### ROLE OF INTERNSHIP IN ENGINEERS LIFE

#### Summary:

This article has been taken to limelight that internships for engineers are equally important just like the importance of engineers in everyday life. It is just because of life made easier by an engineer. They save our time and reduce human efforts. Work becomes more efficient and effective.

#### Introduction:

From morning till dawn we are surrounded by innovations and engineers. Everything that's a part of this developing world i.e., gadget, mobile, house we are living in, automobile, motor etc. are made by engineers. There will be no day we come across without the use of technology. The word engineering itself denotes an ability to create and think differently with the use of improving science and technology. In the same way it is much important for an engineer to have a practical application of their knowledge through internships.

#### Theory:

Most of the students may have equal theoretical knowledge among them. So the way to show themselves better than others is through practical application skills. Now a day's all the companies offering jobs give priority for students with experience. This experience is gathered from internships. It provides a chance to put their actions beyond their thoughts. It is their first step towards growing as a working professional. It makes them capable to learn and interact with people and places. It provides a platform to exhibit their skills and also enables them to understand the advantages and disadvantages of the vocation, especially if they are not familiar with the stream. This becomes a career opportunity to be trained in prior for a job seeker. In the current scenario of the world, competition is very high in all the streams and a person with proper application skills is identified and picked through experience and interview. Internships are like a role play before you join your actual job, to test and make yourself better.

#### Conclusion:

“Diamonds shine brighter when polished”, likewise engineers get brushed up through internships. So every college university should promote an idea of providing chance for the students to enhance their practical knowledge and capabilities for their future opportunities.

## EVENTS BY STUDENTS

### Training Programme

ARC 1.0 – an advanced training on Industrial Robotics has been conducted from 25<sup>th</sup> July to 10<sup>th</sup> September for 36 students of IV B.Tech, among those 21 students are of Mechanical Engineering and they completed successfully.

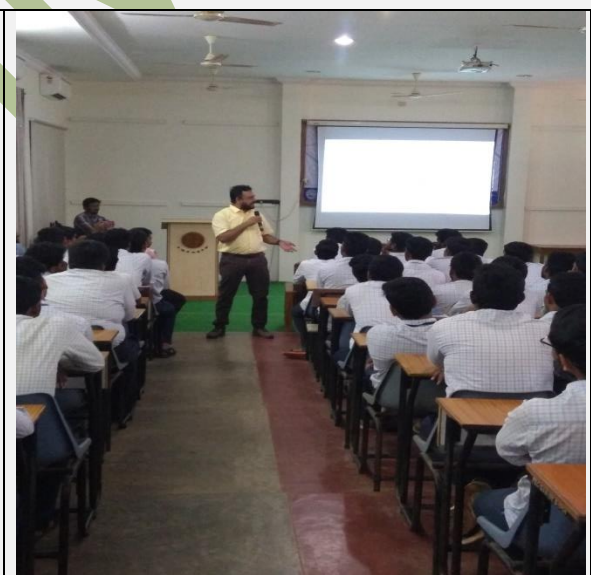

## GUEST LECTURE

A Guest Lecture for Mechanical students was organized during 03<sup>rd</sup> August, 2019 on the topic "ENERGY FOR TRANSPORTATION: PRESENT, PAST AND FUTURE". The presentation was delivered by Dr. E. ANIL KUMAR, Associate Professor, Dept of Mechanical and Aero sciences, IITH, Hyderabad

A Power Lecture On Career Opportunities, Importance Of Language Skills And Art Of Selling by Sri. Mohamed Abdullah CEO and Founder, Conduira.

## WORKSHOPS

- 96 Students from II and III year Mechanical had participated in solar ambassador workshop organized by Pragati Engineering College.

- Students of Mechanical had attended Two day workshop “Hands on Experience in Welding Technology” conducted by Aditya College of Engineering and Technology on 12<sup>th</sup>-13<sup>th</sup> July 2019.

- Student Participated In Two Days Workshop Organized By IIT Hyderabad Held During 21<sup>st</sup> & 22<sup>nd</sup> September 2019

## ERUDITE 2K19

Date of Event: 27-9-2019

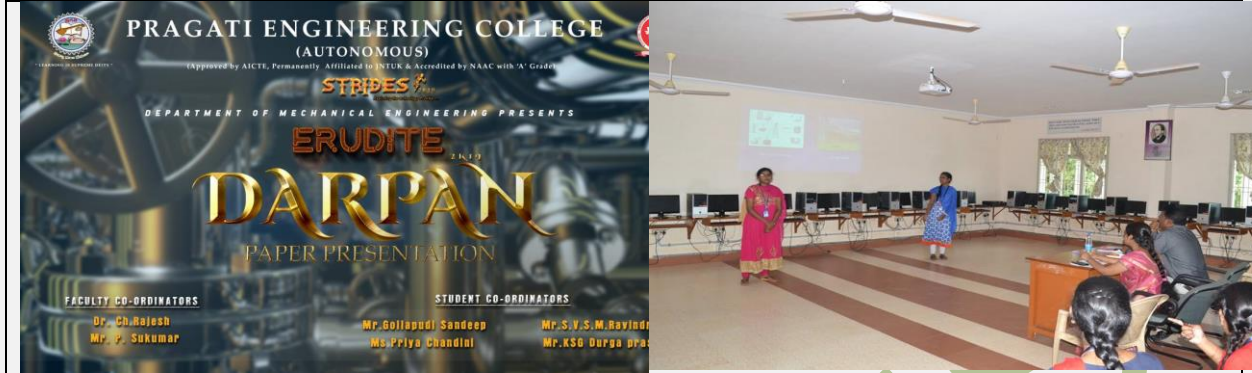

### Technical Symposium ERUDITE 2K19:

National Level Student Technical Symposium **ERUDITE 2K19** was organized on **September 27<sup>th</sup>** 2019 by Department of Mechanical Engineering. Under this Technical Paper presentations, Projects Display were organized for students. Engine assembly and disassembly, art gallery, contraptions, hydro rocket, Aquabot, robot Mario are organized as a part of it.
