FROM THE DESK OF THE H.O.D

It's immense pleasure to present this semi-annual newsletter "CYBERWAVES"

Computer Science and Engineering department is the dynamic and vibrant department with the blend of young and experienced Faculty. Department is actively involved in academic as well as research work in current areas of Computer Science and Engineering and multi-disciplinary streams. The department has well equipped labs with the state of art software and hardware. The faculty members are constantly publishing technical papers in national and international journals and conferences. The department is fortunate to have dedicated teachers, devoted students, and committed supporting staff and expert technical staff. Specially, I congratulate my students to participate various extra-curricular activities, research work and competitive exams. My best wishes to all for their bright carrier and successful life.

Dr. M. Radhika Mani

Professor and Head of Computer Science and Engineering Dept.

Webinars Organized:

Webinar - 1

The CSI Student Chapter of CSE Dept., Pragati Engineering College(A), conducted a Webinar on " Recent Trends in Technology " on 18-04-2020. at 10:00AM.The webinar was presented by **Sri NagarjunMalladi**, Delivery Head-Life Sciences Vertical, Tech Mahindra, Hyderabad. The HOD of CSE Dept. Dr.M.Radhika Mani coordinated the event. Total of 206 students of CSE department have attended the webinar. The Principal of Pragati Engineering College(A),Dr.S.Sambhu Prasad thanked the Resource Person for sharing his valuable thoughts in modern technological era.

Initially Mr. Nagarjun spoke about the Digital Transformations that happened and are going to happen in Sri Nagarjun Malladi highlighted the Digital Transformation Trends in 2020 and beyond. He started the webinar with statistical presentation of How the organisations across the world will contribute to global GDP by digitalisation of their offerings, operations, relationships. He discussed crucial features regarding estimated potential of economic impact of technologies like Mobile Internet, Advanced Robotics, 3D Printing, etc. across sized applications in 2025. He also shared his first journey on a Tesla car. He presented an interesting slide on the new future alphabetical abbreviations like A stands for Artificial Intelligence, B stands for Block Chain or Big data, etc.

He later explained the importance of self learning by sharing great learning platforms for the students to get in-depth knowledge of the trending technologies. He shared his perspective that human beings are more powerful than machines and the technology is only upto limited extent. These lines really gave a good motivation to the students who are going to lead a new pathway to ponder about the future .Mr.Malladi shared a significant contribution of his time for the students, shared his knowledge and enlightened all the participants.
