INTERNATIONAL LITERACY DAY

8th September was declared international literacy day by UNESCO on 26 October 1966 at 14th session of UNESCO's General conference. It was celebrated for the first time in 1967. Its aim is to highlight the importance of literacy to individuals, communities and societies. Celebrations take place in several countries.

International Literacy Day 2019 will focus on '**Literacy and Multilingualism.**' Despite progress made, literacy challenges persist, distributed unevenly across countries and populations. Embracing linguistic diversity in education and literacy development is central to addressing these literacy challenges and to achieving the Sustainable Development Goals.

The department of Mechanical Engineering has organized "INTERNATIONAL LITERACY DAY" on 09-09-2019 because of Sunday on 08-09-2019. In this regard the department had conducted the following event on 9th Sep 2019 in Mechanical Engineering Department.

1. Elocution on Linguistic diversity in education and literacy development.
