10. Student feedback mechanism on Institutional Governance/Faculty performance :

Feedbacks from students are taken every semester and at the end of every year regarding the performance of faculty, administration and other concerned activities. The feedback data is analyzed and suitable modifications or improvements made / incorporated for improving the overall efficiency are introduced.

Feedback from students in the form of filled in forms is periodically taken by Heads of Departments of all branches regarding the faculty performance as well as other problems or inconveniences that students are likely to face in the day to day run of the institution.

A panel of members consisting of Secretary, Principal and H.O.Ds look into the analysis of the feedback thus received, and inform the teachers of their performance in private. Appropriate suggestions, if any, are given to them accordingly.

An annual review by members of Management and Principal is undertaken to discuss about more effective ways of administrative procedures. Based on feedback and other important factors like parental opinion, plans for further expansion of the institutional establishment etc., recommendations are made and decisions taken towards upgrading institutional governance.

11. Grievance redressal mechanism for faculty, staff and students :

A Grievance redressal cell with a Professor as Chairman and faculty and students as members is functioning in the college and the Grievances that have been reported are addressed and suitable corrective actions taken by the college authorities and the management.

This committee comprises of senior faculty of the institution and is formed simultaneously with the commencement of every academic year.
