### Alumni Connect

by

**Mr.M.Sriram Pavan Prakash**

(2010-14 Mech)

HR Business Partner, Tata Consultancy Services

Date: 20 June 2020

Venue: Online

As part of Alumni Connect series, Mr.M.Sriram Pavan Prakash (2010-14 Mech) working as HR Business Partner, Tata Consultancy Services, , Hyderabad interacted with students. Students of ECE belonging to 2021 graduating batch participated in the session.

During the session , Mr. Sriram Pavan Prakash focussed on the qualities required by engineering students to be successful in IT industry , especially for EEE, Mech and Civil branches as students from these branches are normally hesitant to join IT industry . He also narrated his own experience in IT industry and his transition from a student to a corporate professional. He shared his journey from a student studying Mechanical Engineering to an IT industry (TCS) and then to HR role. He also stressed on the qualities to be mastered by in order to become successful professionals. He advised students to be abreast with know-how of the job market and focussed on the Employability Skills and Expectations from fresh engineering graduates. He briefly explained about the gaps between the academic activities and professional activities and the possible means to bridge this gap. He also focused on how to prepare for the interviews and the expected traits expected from freshers. Towards the end of the session, there was a Q & A session

by

**Mr. K M Hussain Sayed**

(2004-08 EEE)

Technology Lead @ Infosys, USA

Date: 17 June 2020

Venue: Online

As part of Alumni Connect series, Mr.K M Hussain Sayed (2004-08 EEE) working as Technology Lead, Infosys, USA interacted with students. Students of EEE belonging to 2021 graduating batch participated in the session.

During the session , Mr. Hussain shared his experiences at Pragati and the kind of training he received in the college to get placed in his dream company- Infosys. Since then , he is with the same organization and progressing well in his career. He advised the students to make the best use of the opportunities available in the college. He also explained about his role in the organisation. He briefly explained about the gaps between the academic activities and professional activities and the possible means to bridge this gap. He also focused on how to prepare for the interviews and the expected traits expected from freshers. Towards the end of the session, there was a Q & A session

### Alumni Connect

by

**Mr. Krishna Chytanya Ayyagari**

(2004-08 CSE)

**Specialist Customer Engineer, Infrastructure Modernization, Google, New York**

Date : 10 June 2020

Venue : Online

During the troubling times of pandemic, an initiative is started to ignite the minds of young engineers who are otherwise confined to their homes with a lots of doubts about their careers.

**Alumni Connect** sets the platform for the existing students to interact with the alumni of the college who are settled well in their careers. It also paves way for the juniors to have a clear vision about their career path.

The series started with the interactive session with Mr. Krishna Chytanya Ayyagari (2004-08 CSE) working as Specialist Customer Engineer, Infrastructure Modernization, Google, New York. Students of CSE and IT belonging to 2021 graduating batch participated in the session.

During the session, Mr. Chytanya focussed on the how to plan the career – viz, IT services, IT Product and a R&D organization stressed on the difference between the academia and corporate life and the requirements on the part of the students to adapt to corporate life. He briefly explained about the gaps between the academic activities and professional activities and the possible means to bridge this gap. He also focused on how to prepare for the interviews and the qualities expected from freshers

## Summary

I am a CUSTOMER/SALES ENGINEER.

"Sales (or Customer) engineering is a hybrid of sales and engineering that exists in industrial and commercial markets. Buying decisions in these markets are made differently than those in many consumer contexts, being based more on technical information and rational analysis and less on style, fashion, or impulse. Therefore, selling in these markets cannot depend on consumer-type sales methods alone, and instead it relies heavily on technical information and problem-solving to convince buyers that they should spend money on the seller's products or services, in order to meet a business need (that is, to satisfy a business case). A sales engineer is thus both "a salesperson that understands and can apply engineering" and "an engineer that understands how to sell engineered systems" - Wikipedia

## Experience

Google

4 years 6 months

SENIOR CUSTOMER ENGINEER, INFRASTRUCTURE

January 2021 - Present (3 months)

Program Manager for Partnerships Solutions (20% role) - CapitalG &  
Google Cloud

February 2021 - Present (2 months)

This is 20% role. Working as a program manager to create a partnership  
program between CapitalG portfolio and Google Cloud.

Guest Speaker at Google for Startups Accelerator: Voice AI

March 2021 - Present (1 month)

New York, United States

Speaker at Google for Startups Accelerator: Voice AI

About our Voice AI accelerator:

The Google for Startups Accelerator: Voice AI program is a 10 week digital accelerator for Seed to Series A technology startups based in North America. The accelerator program is designed to bring the best of Google's programs, products, people, and technology to the most innovative and impactful voice technology companies across the region. In addition to mentorship and technical project support, the accelerator will focus on product design, customer acquisition, and leadership development for founders.

Worked as Startup Success Manager for first cohort of India Gaming Accelerator, Singapore. More details at <https://events.withgoogle.com/indie-games-accelerator/>

- 1) As a Startup Success Manager I dedicated to help making IGA startups successful!
- 2) Be their coach and help them get all they need to succeed
- 3) In this role I build strong relationships with the startups and mentors they work with as well as with the Startup Success Manager team

PS: This is my 20% role in Google

PROGRAM MANAGER, GOOGLE CLOUD STARTUP ECOSYSTEM  
August 2017 - February 2018 (7 months)

Bengaluru Area, India

I take care of Google Cloud startup ecosystem in India. My role is to run programs with partners that can help startups in India understand new interesting services in Google Cloud and get them started on Google Cloud. Here is the program I take care <https://goo.gl/iMa584> in India. If you are a VC/Incubator/Accelerator who wants to have Google Cloud credits part of your startup offering package, please message me.

PS: Anything beyond startup program & Google Cloud, especially support is out of scope for me. Please note and reach out accordingly.

**SOLUTIONS ENGINEER - CLOUD STARTUP ECOSYSTEM - JAPAC**  
October 2016 - August 2017 (11 months)

Hongkong Area, India

I take care of technical enablement of startups on Google cloud all over JAPAC. My role is to help startups in JAPAC understand new interesting services in Google cloud and get them started on Google cloud by offering office hours or architectural discussions along with credits (Office hours are for startups if they are on Google cloud program <https://cloud.google.com/developers/startups/>). Anything beyond startup program, especially support is out of scope for me. Please note and reach out accordingly.

4 years 8 months

**CLOUD SOLUTION ARCHITECT**

July 2015 - October 2016 (1 year 4 months)

Cloud Solution Architect/ Specialized on Azure

Keywords: Pre-sales / architect/ customer relationship/ technical seller

As a Cloud Solution Architect, my primary responsibility is to architect / re-imagine applications to be fit for Azure. Mine is a customer facing role that will be accountable for the end-to-end customer cloud journey. I will own the Azure technical customer engagement including specific implementation projects and/or Proofs of Concept (POCs). I have hands on experience in both Application Service Provider (ASP) & multi-tenancy models in career.

In this role, I am responsible for:

- Interfacing with both the generalists and specialists in the MSFT sales and delivery teams (including partners, services, Internal Microsoft Product / Service organizations) focused on consumption of the Azure platform in high potential accounts
- Executing quick technical feasibility and proposal development for moving identified workloads to Azure (i.e. quick and dirty, comfortable with 80-20 rule)

- Building a technical and security architecture in Azure for the selected apps/ workloads
- Lead compliance assessments with the customer on designed Azure architecture
- Selecting a migration approach to lift and shift the workloads to Azure or architecting a Greenfield development and/or production platform for new applications
- Driving the quality of the onboarding plan (with MCS or partners)
- Reporting to customer as business objectives / business value conditions are met
- Documenting and sharing technical best practices / insights with engineering and the architect

I have deep technical experience in following areas:

- Ø Software design or development (Mobile & Web)
- Ø Virtualization
- Ø IT Security
- Ø Linux
- Ø .NET
- Ø Java

Contribute/Reviewer:

- ~ Practices and Patterns - Microsoft
- ~ Microsoft Azure Certifications exams
- ~ Windows Azure websites text book - [http://www.amazon.in/Windows-Azure-Sites-Tejaswi-Redkar-ebook/dp/B00GUF1902/ref=asap\\_bc?ie=UTF8](http://www.amazon.in/Windows-Azure-Sites-Tejaswi-Redkar-ebook/dp/B00GUF1902/ref=asap_bc?ie=UTF8)

Associate Consultant

March 2012 - July 2015 (3 years 5 months)

Working on Azure solutions and Windows 8 apps to different customers of various domains,

Thomson Reuters

Software Engineer

December 2010 - February 2012 (1 year 3 months)

Working on a product based on .NET for ONESOURCE in tax and accounting domain.

IBM Global Services
