7.1.5: Green campus initiatives

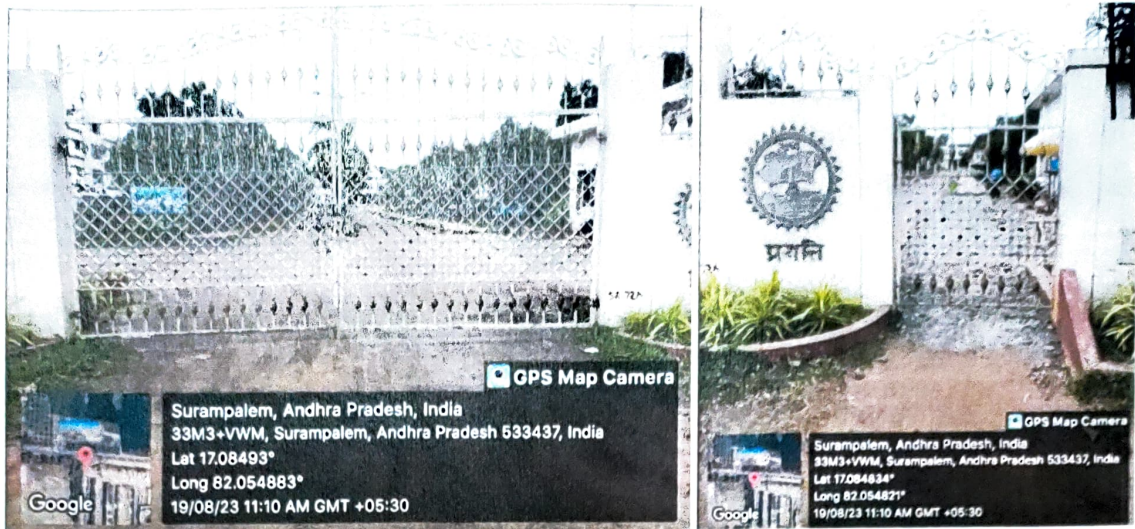

The institution has a Green Campus initiative, underlining its commitment to environmental sustainability and harmonious coexistence with nature. The institution actively advocates for bicycles and battery-powered vehicles as convenient and eco-friendly modes of transportation, effectively mitigating air pollution while promoting the well-being of the campus community. Pedestrian-friendly pathways have been thoughtfully designed to ensure safe and pleasant walking experiences, concurrently minimizing vehicular congestion.

Central to the Green Campus initiative is the prohibition of plastic use within the campus premises. By wholeheartedly supporting this endeavor, the institution significantly reduces plastic waste and its consequential environmental impact. Furthermore, the campus boasts extensive landscaping, adorned with an abundance of trees and plants. This not only enhances the visual appeal but also contributes to air purification, creating an optimal learning environment.

Restriction of Automobiles in Campus

Pragati Engineering College has implemented a restriction on automobiles within the campus premises, exemplifying its commitment to a safer and more sustainable environment. To enforce this policy, well-organized barricades have been strategically placed across the campus. This proactive measure not only fosters pedestrian safety but also promotes eco-friendly transportation alternatives like walking and cycling. By limiting automobile access, the college actively contributes to a cleaner atmosphere, reduced congestion, and an overall enhanced campus experience for students, faculty, and visitors alike.

Pedestrian Friendly pathways

Pragati Engineering College has implemented pedestrian-friendly pathways across Campus, ensuring a safe and convenient environment for students, faculty, and staff to navigate. These pathways enhance mobility, promoting a seamless and secure movement throughout the campus premises.

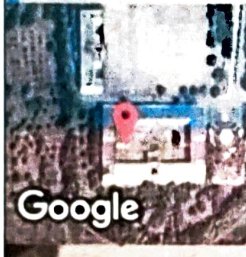

landscaping with trees and plants

The campus of Pragati Engineering College is adorned with lush landscaping surrounded by Mango grove and featuring a variety of trees and plants. This greenery not only adds natural beauty but also creates a refreshing and conducive environment for learning, fostering a harmonious connection between students and nature.
