Short Awareness Program

On

Usage of Air Conditioner to reduce Global Environmental Effects

AY 2023-24

Dt. 12.03.2024

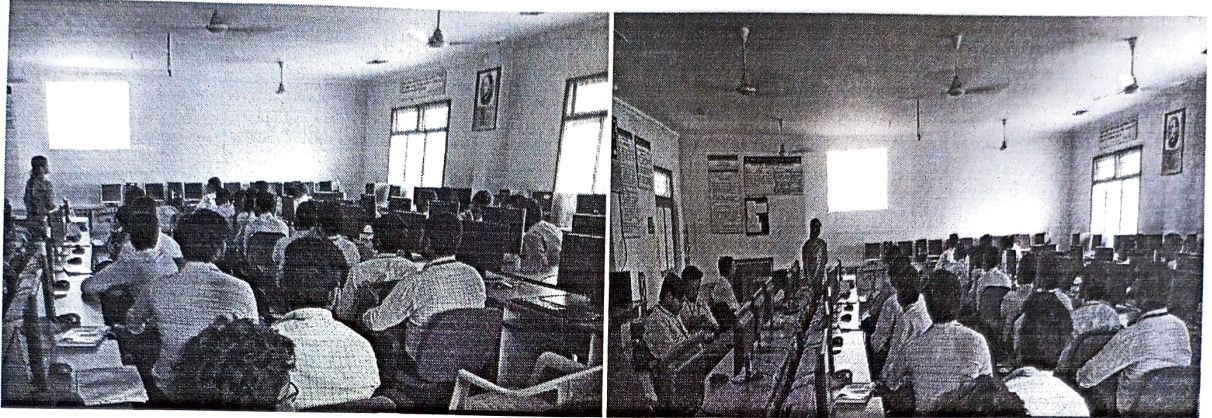

An Awareness Program is conducted to students of all Years of Mechanical Engineering about the effects of Global warming and also How Air conditioners are contributing for it. Also the solution strategy of maintaining room temperatures and its ill effects is also been discussed with the students. The event headed by Mrs. P. Gayathri, Assistant Professor, Department of Mechanical Engineering. The event held very good during the time and Interaction as well as learning by Awareness happened more enthusiastically. Its been an Discussion program than a awareness program. Most of the students are involved in discussing with respect to the concept. The competition is held under Department of Mechanical Engineering in association with *The Institution of Engineers (India), Student Chapter (533437/PEC/MC)*.

Finally, students are advised to inform near and dear in their circle about the inputs gained by the program as this is summer, many house holds are using Air conditioners during this course of time. It not only reduce the global effects but also reduce the energy utilization via power.
