GUEST LECTURE REPORT ON COMPRESSORS USED IN DIFFERENT SECTORS

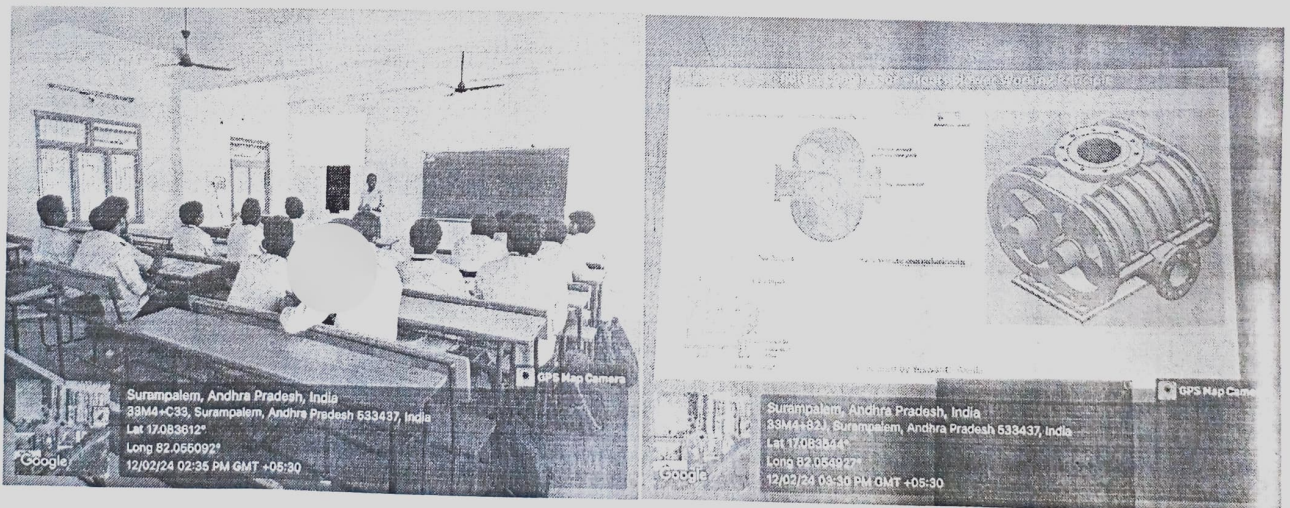

AY 2022-23

Dt. 14.03.2023

A Guest Lecture on **compressors used in different sectors** was conducted to by *Local Chapter IE (India) of Mechanical Department*. Around 35 students were participated curiously for the event. Participations will be made to sit in Mechanical II Years class.

Compressors are very primary devices which are used in many potential Engineering applications for Mechanical Engineers. The application oriented approach on Compressors is very void in engineering domain. So, a guest lecture is organized to fill the gap for the same. Students were made aware of the Compressors of different sectors of Engineering. Students are involved in clearing doubts upon the same during the lecture itself. The picture of the event is mentioned in the report stated.
