61.Event Name : World Food Day

Date: 16-10-2019

Location Kakinada

We the rotaractors of *Pragati surampalem central* celebrated international Food day.

The world food day theme was "feeding the world...caring for earth".

Breaking the chains of poverty it is every one's need to eat nutritious food.

Because food is the third most essential thing for life after air and water.

Food is also a major gift from nature. Carbohydrates, fats, vitamins, minerals, proteins, glucose and essential acids are present in the food we intake daily which is the foremost reason for our functioning.

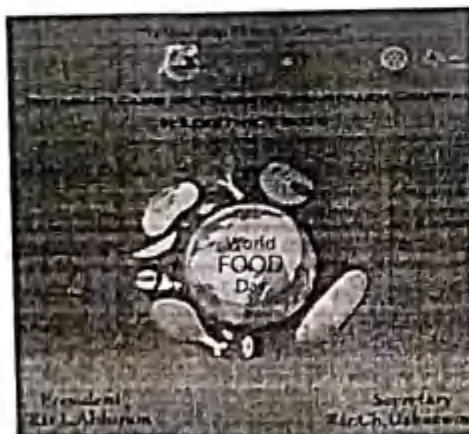

All these components are useful to survive healthy.

Regarding this we the rotaractors celebrated international food day by eating nutritious food and knowing the value of each component in the food.

The number of hungry people in the world has reached 821 millions.
The hunger deaths are increasing day by day....

So don't waste the precious food as 821 million people are waiting to eat that food we throw away in garbage daily....

'Because food is the basic unit for existence of life.'

Date: 29-10-2019

Location: Kakinada

We the rotaractors celebrated the festival of lights...Diwali at Red cross handicap orphanage home,gandhinagar,kakinada.

We felt very sad seeing those physically challenged kids.

Though they are physically challenged...we were amazed by seeing their self confidence.

We also encouraged them to brighten their life further.

We celebrated this by giving awareness about increase of pollution by burning crackers.

(On average India spends approximately more than Rs2000 crores on crackers during Diwali.

13 Indian states are amongst the 20 most polluted cities in the world.

Now just imagine the people in India spending this much amount or even the half of it in helping the economically challenged to beat the poverty crisis happening right now).

We made them lighten diyaas and also encouraged them to lighten their lives...

Children lit diyaas with enthusiasm. we try to reduce the firing of crackers.As it is not only festival of lights ...but also festival of love and care...

We went to old age home and took the blessings of aged people....

They blessed us with love ...we enjoyed a lot with them
