The rally begun from municipal office in Peddapuram after the chief guest speech about the event around 9:45Am. During the rally our fellow rotaractors have influenced public about the usage of plastic and its disadvantages. Also they assembled the students and taught them about the adverse effects of plastic to the environment. During the event they advised the businessmen to use cotton bags instead of plastic bags which are harmless to the environment rather than plastic bags. They distributed badges and pamphlets regarding the event to the public and also advised them to save environment for the better living of future generations. And the event lasted till 1:30 pm.

**CONCLUSION:** We got huge response from public as well as from the educational institutions to conduct more events like this to spread awareness among people and to save our mother earth. Finally the event was a grand success which created a thought to reserve sources for future generations to live in a better environment.

**Venue:** Sri Thota gopalakrishna municipal high school, Samalkot, **Date:** 06-01-2018.

**Planning:** We announced about the event to all the rotaractors. Besides rotaractors even willing students gave their names. We collected the names of all the participants. Then we seek the permission of school. We bought all the equipment's necessary for cleaning and snacks for all the participants.

#### Description:

We reached the venue around 10AM. Total no of members attended: 10. Conducted the motivation session to student and explain the effect of unhygienic environment. All the participants were given plastic gloves and a polybag. We picked up all the disposed waste such as water packets, covers, papers, cups etc. We further warned the vendors to dispose the waste in trash cans only. Even they were influenced by the event and they appreciated us. All the participants were given biscuit. The event successfully came to an end around 12:30 PM.

**Conclusion:** The event was a success. It influenced all the students to create a clean and hygiene environment in society. We would look forward to do many such good events and create awareness among the people to develop a better society to live in.
