ABOUT CIVIL DEPARTMENT

The department of CIVIL was established in 2001 with an intake of 60 students in the UG Programme. In the year 2004, an additional intake of 60 was sanctioned. Subsequently increased to 300 students per year from the academic year 2015. The department has good infrastructural facilities and is equipped with full-fledged laboratories. The Department is rated as one of the best departments in the Private Sector and is attracting top rankers in EAMCET. The Department has been organizing Technical Symposia at the National-level. The Department is aiming at bringing out a technical - conscious student community and realizing the objectives of Vision 2050.

VISION OF THE DEPARTMENT

To be an acknowledged Leader in providing quality education, training, and research in the area of CIVIL ENGINEERING DEPARTMENT to meet the industrial and Societal needs.

MISSION OF THE DEPARTMENT

- To facilitate students with a state-of-the-art infrastructure learning environment and value-based education to improve technical knowledge and skills for the continuous learning process.
- To impart high-quality education with well-qualified faculty to enable students to meet the challenges of the industry at global level.
- To promote innovation and active industry institute interaction by facilitating the students to improve their leadership and entrepreneurship skills with ethical value

Multi – Disciplinary Prototype:

Students of 2nd year & 3rd year has participated in multi -disciplinary Prototype as part of STRIDES 2K24 conducted in Pragati Engineering College they have presented a prototype on Water Treatment Plant (sewage purification plant)

In this model they have explained about the purification of water from river water to pure drinking water. Recently they have visited Rajahmundry Water treatment plant as a part of industrial visit. By taking that as reference the students of 3rd year have taken lead to prepare this model. Students have given a brief explanation about the working of the model.

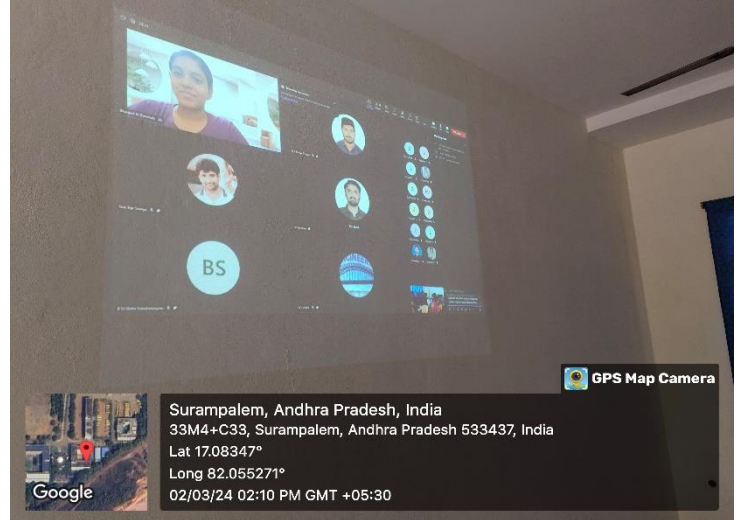

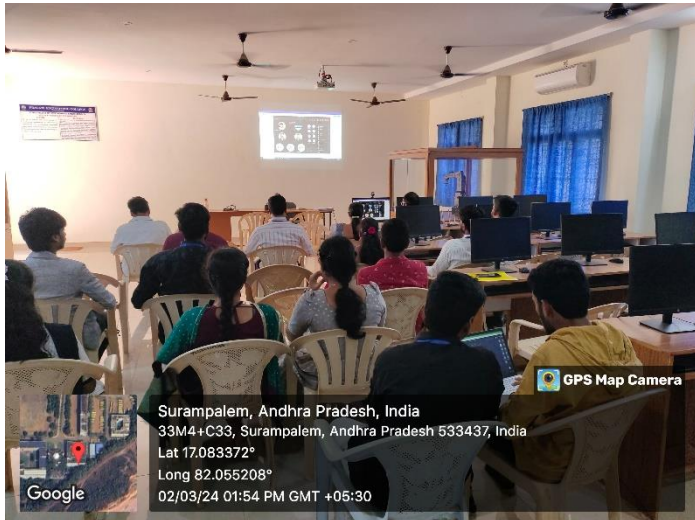

Smart Pragati Hackathon:

As a part of STRIDES 2K24, Pragati Engineering College organized an event called Smart Pragati Hackathon in which 22 teams from different branches participated in the event. The college management supported, encouraged and identified the active teams for participation

A team from Civil worked out on Smart and Effective real-time management of Street Parking. As to avoid parking issues in commercial areas like malls, theatres and busy roads students, were developed an app regarding these parking issues. This was held on 2 days of strides i.e (1st and 2nd march). At the end of the day judges concluded the best of three from 22 teams. During these two days of the event students have learned and developed innovative ideas regarding the problem statements.
