STRIDES EBHIGNA CSE (AI) DEPARTMENT 2K24

EVENTS INFORMATION OF EBHIGNA STRIDES 2K24

1.AI Quest:

AI Quest stands as an eminent competition dedicated to the exploration and application of cuttingedge artificial intelligence tools.

Judges:

Name: Mrs. G. Satya Suneetha Designation: Assoc. Professor Organization: Govt. Degree College City: Kovvur

2. WebVisage:

Web Visage is a prestigious web development competition challenging participants to create a visually appealing and functional webpage. Contestants must demonstrate expertise in web design, seamlessly blending form and function within the given template as a foundational guide, showcasing creative acumen within a predetermined structural framework.

Judges:

Name: Mr. V. Bala Shankar

Designation: Associate Professor

Organization: GIET Autonomous

City: Rajahmundry

3. Robo Rift:

Robo Rift emerges as a distinguished event with a central focus on the meticulous analysis of interlinked machine learning sequences. Participants are tasked with unraveling the intricacies of interconnected algorithms and models, demonstrating a keen ability to distill the essence of complex sequences into succinct and potent statements.

4.CodeCrypt:

Coding challenges represent an intellectual crucible wherein participants are confronted with intricate problems, necessitating the application of programming skills, algorithmic thinking, and problem-solving acumen.

ALUMINI TALK :

Name: KILIM DEVA KUMAR - 17A31A0545

Designation: Product Development Engineer

Location: Hyderabad

He is dedicated in providing invaluable insights on skill acquisition, advocating for a proactive learning within Artificial Intelligence. His mentorship not only reveals paths to mastering cutting-edge technologies but also fosters growth and innovation, enabling individuals and the department to flourish in dynamic and evolving landscapes.

ROBO RIFT

- Fostering interest towards AI -

INTRODUCTION:

Welcome to Robo Rift, where coding meets machine learning! In this event, we delve into the world of artificial intelligence through Python and C programming challenges. Participants will explore fundamental machine learning concepts while honing their coding skills. Python, with its rich libraries, empowers learners to implement algorithms with ease. Meanwhile, C offers a deeper understanding of programming fundamentals and system-level operations. Through challenges in both languages, participants will sharpen their problem-solving abilities and algorithmic thinking. Robo Rift isn't just about coding; it's about creativity, critical thinking and collaboration.

Competition Objectives:

Coding Proficiency: Enhance participants' coding proficiency in both Python and C programming languages, fostering versatility and adaptability in solving problems.

Problem-Solving Skills: Challenge participants to think critically and creatively to devise efficient solutions to real-world machine learning problems.

Algorithmic Thinking: Develop participants' algorithmic thinking by presenting them with a variety of problems that require logical reasoning and optimization.

Collaborative Learning: Promote teamwork and collaboration among participants, fostering an environment where knowledge and skills are shared and enhanced collectively.

Competition Details:

Event Name: ROBO RIFT

Date: 2nd March

Venue: AI NEXUS lab (Main block) Duration:

10:00am - 1:00 pm

Organizer: Pragati Engineering College, CSE-Artificial Intelligence Department Participant Eligibility: Open to all currently enrolled students.

Team Composition: Participants are allowed to compete either individually or dual participation is encouraged.

Programming language: Participants can use either C or Python for writing the solution Total number of registrations: 277

Participants Number: 210

Originality: While the goal is to learn some machine learning concepts through simple coding questions, participants are encouraged to submit efficient code .

Submission: Participants need to login to hacker rank account and write code to the given questions and need to submit in the same platform

Judging Criteria: We declared the winners based on the ranking provided the hacker rank in the leader board. We considered top 5 participants analysed their solutions and profiles and declared the winners

Prizes: Cash prizes will be awarded to the winners and runners-up and participation certificates to all the participants.

Prize Winner's:

Sudheer Kumar from Vignan University Guntur.

Ch Usha Priyamvadha from Pragati engineering College Surampalem .

CONCLUSION:

In conclusion, Robo Rift has been a thrilling exploration into the realm of machine learning, where participants have not only sharpened their coding skills but also deepened their understanding of fundamental concepts. Throughout the competition, we witnessed incredible feats of problem-solving, creativity, and collaboration, showcasing the immense potential of our participants to shape the future of technology. As we reflect on the journey we've undertaken together, let us carry forward the knowledge gained and the bonds forged, continuing to innovate, learn, and grow.

WEBVISAGE

- Webpage Design Competition-

INTRODUCTION:

WEBVISAGE Webpage Design Competition is an exhilarating event hosted by 3rd year Artificial Intelligence Department as part of EBHIGNA tech fest. This competition challenges participants to showcase their creativity and technical skills by designing web pages using HTML, CSS, and Bootstrap. Participants will be provided with an original webpage template, and the challenge is to recreate it as closely as possible. The webpage that closely resembles the original will be awarded the first prize.

Competition Objectives:

- To encourage students to apply their knowledge of HTML, CSS, and Bootstrap in a practical setting.
- To foster creativity and design skills among participants.
- To promote healthy competition and collaboration among students.
- To provide a platform for students to showcase their web design talents.

Competition Details:

Event Name: WEBVISAGE - Webpage Design

Competition Date: 2nd March Venue: NEXUS lab (Main block) Duration: Slot1:9:30am-11:00am Slot2:11:30am-1:00pm Organizer: Pragati Engineering College , CSE-Artificial Intelligence Department Participant Eligibility: Open to all currently enrolled students.

Team Composition: Participants are only allowed to compete individually, as specified by the organizers.

Webpage Template: Participants will be provided with an original webpage template developed by the organizers.

Tools and Technologies: Participants must use HTML, CSS, and Bootstrap to recreate the webpage.

Originality: While the goal is to replicate the provided webpage, participants are encouraged to add their own touches and creativity.

Submission: Participants must submit their recreated webpages within the specified deadline.

Judging Criteria: Webpages will be judged based on their similarity to the original template, design aesthetics, responsiveness, and overall presentation.

Prizes: Cash prizes will be awarded to the winners and runners-up and participation certificates to all the participants.

Prize Winner's:

->Mohammad Shafi, 22A31A43G0, CSE-AI 2nd year, Pragati Engineering College, Surampalem.

->Mumidi NagaBabu, 21A31A0453, ECE - A, 3rd year, Pragati Engineering College, Surampalem.

Conclusion:

WEBVISAGE, a Webpage Design Competition promises to be an exciting opportunity for students to showcase their web design skills and creativity. We invite all students to participate, unleash their imagination, and strive for excellence in this exhilarating competition.

AI QUEST

INTRODUCTION:

Enter the charged atmosphere of our ultimate AI quiz competition, where minds collide and circuits thrum with anticipation! Step into the domain of artificial intelligence, where your mastery of cuttingedge technologies faces its ultimate challenge. Journey with us into the heart of innovation, where every synapse ignites with the joy of exploration. Prepare to test your intellect in a battle of wits, guided by your proficiency in AI tools. Gear up for an exhilarating pursuit of knowledge dominance, where innovation holds sway. Steel yourself for an epic clash of silicon intellects, where only the agile minds prevail.

Competition Objectives:

Round 1: AI QUEST QUIZ competition is all about unleashing the power of AI tools and technologies to revolutionize industries and redefine possibilities.

Round 2: Embrace the future of content creation with AI tools that streamline the video production process while enhancing quality. Transform raw footage into polished masterpieces with the intuitive capabilities of AI video creation tools.

Originality: While the goal is to learn some machine learning concepts through simple coding questions, participants are encouraged to submit efficient code.

Submission: Participants need to login to Unstop account and participate in the quiz competition. Shortlisted students in Round 1 need to share the video presented by them within the specified deadline.

Judging Criteria: We declared the winners based on the innovative video presented by the shortlisted students.

Prizes: Cash prizes will be awarded to the winners and runners-up and participation certificates to all the participants.

Prize Winner's:

Kotha HariShankar from Pragati Engineering College, Surampalem. Vallabhasetti Siva Sai Ram from Pragati Engineering College, Surampalem.

CONCLUSION:

In conclusion, the event showcased the remarkable synergy between human ingenuity and the transformative capabilities of AI tools and technologies in the realm of video creation. Participants witnessed firsthand the power of innovation as they navigated through the electrifying arena of AI-driven content production. From the seamless magic of storytelling to the efficiency of production processes, the event underscored the immense potential of AI to revolutionize the way we craft and consume visual narratives. As the curtains draw on this captivating journey, we are left with a profound appreciation for the boundless opportunities that lie ahead in the ever-evolving landscape of AI-powered video creation.

CODE CRYPT

INTRODUCTION:

Code Crypt is an exhilarating event hosted by 3rd year Artificial Intelligence Department as part of our EBHIGNA tech fest. This competition challenges participants to showcase their problem solving and technical skills by solving problems. The participant that solves the all problems within a short time will be awarded the first prize. Code Crypt event follows below steps:

1. Overall event is going to be conducted in "ONE LEVEL".

- 1. Jumbled Code: Participants unscramble intentionally scrambled code .
- 2. Bug Fixing: Identify and fix errors in provided code snippets.
- 3. Problem Statement Coding: Write efficient code solutions for given problems.
- 2. Each question carries points to earn.
 - 1. Jumbled Code: 5 points
 - 2. Bug Fixing: 10 points
 - 3. Problem Statement Coding: 20 points
- 3. Time allocated for the code crypt event is 1 hour 45 minutes.
- 4. Automatically code snippets will be submitted once the time limit is completed.

Syllabus: Problem solving questions (Puzzle's).

Competition Objectives:

- To encourage students to apply their knowledge on solving real world problems
- To foster creativity and technical skills among participants.
- To promote healthy competition and collaboration among students.
- To provide a platform for students to showcase their problem solving skills.

Competition Details:

Event Name: Code Crypt- Coding Competition

Date: 2nd March

Venue: AI NEXUS lab (Main block)

Duration: Slot: 01:00pm-02:45pm

Organizer: CSE-Artificial Intelligence Department, Pragati Engineering College.

Participant Eligibility: Open to all currently enrolled students.

REGISTRATION DETAILS

A total of 398 students have registered for the Code Crypt event. Among them 348 are on campus registrations and 50 are off campus registrations.
