Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students.

Pragati Engineering College (PEC) recognizes the importance of clearly defined learning outcomes, program outcomes, course outcomes, and graduate attributes. These outcomes and attributes are integrated into the assessment process and are widely publicized through the college's website and other documents. The institution evaluates the attainment of these outcomes to ensure the effectiveness of its educational programs.

PEC's learning outcomes, program outcomes, course outcomes, and graduate attributes are designed to align with the college's mission and vision, as well as with industry requirements and global standards. They serve as benchmarks for measuring student achievement and success. The college ensures that these outcomes are communicated effectively to all stakeholders, including students, faculty, parents, and prospective employers.

The faculty in each of their classes addresses on these COs and their interrelationship with PO/PSOs. In the beginning of each unit of every course handled by the faculty, the COs are emphasized in the class room for the students. By this exercise, the students completely understand the concepts and try to enhance the cognitive skills of the course under consideration. The COs, POs/PSOs, PEOs are displayed in class rooms, laboratories, corridors and other mediums such as

- Website: The syllabus of all programs offered by the department is uploaded on the college website which includes the COs and CO-PO mapping of various courses of the curriculum.
