Dt:11-11-2019

From,
Head of the Department,
Department of Civil Engineering,
Pragati Engineering College,
Surampalem.

To
The Principal,
Pragati Engineering College,
Surampalem.
Respected sir,

Sub: Request for arranging field trip to III Year Students-Reg

We department of civil Engineering is planning to take the students for the field trip to "RAK CERAMICS" Samalkota for III year B.Tech students dated on 20-11-2019. So We kindly request your permission to arrange this field trip..

Thanking you sir,

To:
The Principal,
Pragati Engineering College,
Surampalem.

Subject: Approval for Field Trip Visit to RAK Ceramics-Reg

Dear Principal,

We are pleased to inform you that your request for a field trip visit to **RAK Ceramics, Samalkot** for the III Year B.Tech students on **20-11-2019 & 21-11-2019** has been approved.

We welcome your students and faculty to our facility and are happy to offer them an opportunity to gain insights into the ceramics manufacturing process. Please coordinate with our administration team regarding the details of the visit, including the schedule and any specific requirements your students may have.

For further assistance, feel free to contact us at [9502464868 Manufacturing Unit Head].

We look forward to hosting you and your students.

Best regards,

A handwritten signature in black ink, appearing to be "S. Prasad", written over a circular stamp.

*****CIRCULAR*****

This is to inform all III B.Tech Civil Engineering students that a field trip to RAK CERAMICS has been scheduled for 20-11-2019 for Sec A & 21-11-2019 for Sec B.

Timings: 9:00 AM to 3.30 PM

All students are requested to assemble at the designated location by 8:45 AM. Please ensure to carry your student ID and necessary items for the trip.

Co-ordinators:

Section A:

- 1. M.Manideep**
- 2. A.Lakshmi Prasanna**

Section B:

- 1. A.Raviteja**
- 2. M.Sri Lakshmi**

DEPARTMENT OF CIVIL ENGINEERING

SUMMARY OF FIELD TRIP

Date of Visit: 20-11-2019

Location: RAK Ceramics, Samalkot

Participants: III Year B.Tech Civil Engineering Students

Organized By: Department of Civil Engineering

Objective:

The primary objective of the field visit was to provide III Year B.Tech Civil Engineering students with practical exposure to ceramic manufacturing processes and to enhance their understanding of industrial applications in civil engineering.

Overview of Activities:

1. Introduction and Orientation:

- The visit commenced with a brief orientation session conducted by the RAK Ceramics team, who provided an overview of the company's operations, history, and product range.

2. Factory Tour:

- Students were taken on a guided tour of the factory where they observed the entire manufacturing process, from raw material preparation to the final product packaging.
- Key areas visited included the mixing units, molding and shaping sections, kiln operations, glazing areas, and quality control labs.

3. Interactive Session:

- An interactive session was conducted with the factory engineers, where students asked questions about the processes observed, challenges faced in production, and innovations in ceramics manufacturing.
- The session provided valuable insights into the practical aspects of working in a manufacturing environment.

4. Safety Practices and Environmental Considerations:

- The students were briefed on the safety protocols followed at the plant and the measures taken to ensure environmental sustainability during the manufacturing process.

Key Learnings and Observations:

- Understanding of ceramic production, including raw material selection, mixing, molding, firing, and finishing processes.
- Insight into quality control measures and testing procedures for ceramic products.
- Awareness of the importance of safety standards and environmental considerations in a manufacturing setting.
- Exposure to the practical challenges and problem-solving techniques employed in a large-scale production facility.

Feedback:

- The students expressed a high level of satisfaction with the visit, appreciating the opportunity to witness firsthand the complexities of ceramic manufacturing.
- The faculty noted that the field visit provided an excellent platform for students to relate theoretical knowledge with practical applications.

Conclusion:

The field visit to RAK Ceramics, Samalkot, was a valuable educational experience for the students. It significantly enhanced their understanding of industrial processes and provided them with practical insights into the manufacturing sector. The department extends its gratitude to the management and staff of RAK Ceramics for their hospitality and support in making this visit successful.

TO

The Principal,

Pragati Engineering College (A),

SURAMPALEM.

Sir,

I CH.V.S.V.L. priyanka Bearing Roll No
17A31A0160 Studying in IIIrd B.Tech in your college willing to go to the event
Industrial on 21/11/2019
visit

I will stick to the program strictly as per the directions of the staff accompanying the tour. In this period I will follow the rules and regulations as mentioned below.

1. All students should assemble according to the timing's of Schedule and report to the student leader
2. Girls students should be always with the lady staff who is accompanying the tour and should not go anywhere.
3. The students should always carry their identity cards.
4. The students should follow the orders and directions of student leader and teaching staff.
5. The students should maintain discipline while in journey.
6. All students remain in group
7. Students should not to bring any laptops, floppy disks, Pen-Drives, Cameras inside the industry.
8. Students should not enter into water and other dangerous sports.
9. Students should maintain dignity and decorum at all places.
10. Should not get into argument with any person.
11. I have informed my parents regarding my participation in the above event and I will submit a letter from my parent also in this regard.

I understand that in case of any eventually the institution is not held responsible. I take my own responsibility if I don't follow these rules.
