FRESHERS' DAY 2K19

Freshers' Day for the Department of Mechanical Engineering was held on 07-09-2019, to welcome the new batch of students into the academic year. The event aimed to introduce the incoming students to the department's culture, faculty, and resources, and to foster a sense of community and belonging among the freshmen.

The main objective in organising the freshers day is to provide new students with a comprehensive understanding of the department, its faculty, and its facilities and encourage interaction between new students, senior students, and faculty members. A total of 443 number of students have attended the freshers day celebrations.

The event began with an opening speech by the Head of the Department, Dr.B.S.V.Rama Rao . He welcomed the freshers, outlined the day's agenda, and emphasized the importance of active participation and engagement throughout their academic journey. The members of the management and administration have also welcomed all the first year students and also congratulated the second year students for organizing the freshers day.

After that the interactive session has started which included Tips and strategies for managing time, coursework, and stress by seniors for juniors, Information on clubs, societies, and competitions related to mechanical engineering. The interactive session continued with the participation of the students in various games and cultural activities.

Freshers' Day 2019 was a successful event that achieved its goals of welcoming new students, introducing them to the department's resources, and fostering a sense of community. The positive oral feedback received highlights the effectiveness of the activities and sessions organized. Future iterations of the event will continue to build on this success, incorporating feedback to enhance the experience for incoming students.
