REPORT

Seminar on

Recycled and Recyclable Materials in Green Buildings

As a part of the green buildings students club activity of Pragati Engineering College (Autonomous), Department of Civil Engineering, organized a SEMINAR on Recycled and Recyclable Materials in Green Building on 5-9-24 from 2:00PM in, PRAGATI ENGINEERING COLLEGE for all the student of civil Engineering and members of the Green Building club and the faculty members.

RESOURCE PERON: L PRAVEEN KUMAR & V SAI KIRAN,

ASST PROFESOR, CE DEPT, PRAGATI

The seminar highlighted the significance of incorporating recycled and recyclable materials in green building design and construction. Expert speakers discussed various aspects, including

During the session, the following are discussed:

- Benefits of recycled materials (reduced waste, energy savings, and lower emissions)
- 2Types of recycled materials (recycled glass, reclaimed wood, and recycled plastic)
- Recyclable materials in building design (design for disassembly and recyclability)
- Case studies of successful green building projects utilizing recycled materials
- Challenges and opportunities in implementing recycled materials in construction

The program was attended by Faculty members and students. Participation of 20 students from Pragati Engineering College is so thoughtful and informative.
