**A Report on “ Role of Civil Engineers in Nation’s Sustainable Development”**

As a part of the Co-Curricular students club activity of Department of Civil Engineering of Pragati Engineering College (A), the ACCE(I) student chapter organized a seminar talk session on “**Role of Civil Engineers in Nation’s Sustainable Development**” on 30.06.2025 from 1.30 PM in MS-8, Core Engineering Block (previously Mechanical Engineering Block) for all the students of Civil Engineering and members of **ACCE(I)** and the faculty members are requested to attend. Student members of **ACCE(I)** and interested students from other clubs are also participated. **ACCE(I)** is a national organization for consulting engineers in India and is the multi-disciplinary engineering professional society.

The following are discussed during the session,:

1. Introduction to Infrastructure Development in India
2. Introduction to Sustainable Design
3. Introduction to Environmental Protection, Disaster Resilience, Community Development and Innovation and Technology
4. Importance of Civil Engineers in Sustainable Development.

The program was attended by Faculty members and students. Participation of 37 students from III year Civil Engineering Department made this session successful by their participation in discussion and clarifying their doubts. The Department of Civil Engineering of Pragati Engineering College is considered this session as so thoughtful and informative.

  
Coordinator, IE (I), **IEAC**
