REPORT

Name of the Event: Alumni Interaction

Topic: "Professional growth through Communication Skills in Engineering"

Date(s) of the Event: 5/7/2025

Timings: 3:00PM to 4:00PM.

Venue: CG-12

Total Participants: 56

Metaverse Club of CSE (Artificial Intelligence) has organized an Alumni Interaction. The student Alumni has topped the Toastmasters Club. The session has provided insights in enhancing communication and leadership skills of its members through a structured, supportive, and self-paced learning environment. By encouraging participants to engage in public speaking, impromptu speeches, and constructive feedback sessions, the club fosters confidence, critical thinking, and clarity in expression—skills essential in both academic and professional settings. Toastmasters also cultivates leadership by assigning roles, organizing meetings, and guiding peers, thereby preparing individuals to take initiative and lead effectively. Whether for students, faculty, or professionals, participation in the Toastmasters Club significantly contributes to personal growth, teamwork, and professional success in today's communication-driven world. 52 students and 4 faculty joined live session.
