### The Activity conducted to Teachers "Burst & Answer" – Fun Balloon Activity

As part of the Teachers' Day celebration organized by the Department of CSE (Cyber Security) on 05-09-2025, a lively and engaging activity titled "Burst & Answer" was conducted.

In this activity, colorful balloons were filled with funny, tricky, and light-hearted questions. Each participating faculty member was invited to pick a balloon at random, burst it, and answer the question inside on the spot.

This game sparked laughter and created a cheerful atmosphere, helping to break the ice and build stronger rapport between students and teachers. The questions were designed to be humorous and creative, encouraging spontaneity and participation.

### Event Summary:

The Department of CSE (Cyber Security) celebrated Teachers' Day on 05-09-2025 with great enthusiasm and gratitude towards the teaching fraternity. The event began with a warm welcome to the faculty members, followed by a few valuable words and reflections shared by the teachers, which inspired the students and added meaning to the celebration.

We were honoured by the presence of our Principal, who also addressed the gathering with an encouraging and thoughtful speech, highlighting the importance of teachers in shaping the future of students.

Following the speeches, a cake-cutting ceremony was held, led by our Principal and Head of the Department (HOD), to mark the joyous occasion. The celebration continued with the exciting "Burst & Answer" activity, where teachers participated by bursting balloons and answering fun and quirky questions inside them. This interactive segment brought smiles and laughter, making the event more memorable.

To conclude the celebration, gifts were presented to all faculty members as a token of appreciation and respect for their continuous dedication and hard work. The event was a beautiful blend of emotion, gratitude, and celebration — truly a memorable day for both students and teachers.
