

Pragati Engineering College
(AUTONOMOUS)

DEPARTMENT OF
CSE(ARTIFICIAL INTELLIGENCE)
PRESENTS

ABOUT THE COLLEGE

PRAGATI ENGINEERING COLLEGE (PEC) is an autonomous engineering college established in the year 2001 as the flagship institution under the aegis of **Gayatri Educational Society** by **Dr. Paruchuri Krishna Rao** with a vision to provide qualitative technical education accessible and affordable to aspiring students. The college offers 09 undergraduate and 04 postgraduate programmes with strength of 4857 students. Pragati Engineering College is approved by the All India Council for Technical Education (AICTE) and recognized by University Grants Commission (UGC). PEC College is accredited by National Assessment and Accreditation Council (NAAC) with an 'A+' grade. The National Board of Accreditation (NBA) has accredited the departments of **Computer Science and Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Mechanical Engineering, and Information Technology**. Pragati Engineering College is permanently affiliated to JNTUK, Kakinada. The campus is spread over a lush green area of 25.2 acres.

Pragati Engineering College focuses on imparting skills on cutting-edge technologies and shaping the students into disciplined young citizens of good character and emphasizes practical experience so as to enable them to secure employment in industry and thereby become entrepreneurs. The courses are so structured, leading to linear growth and progressive insight into the engineering subjects as well as training in soft skills. Since its inception in 2001, in its quest to offer quality education, the college has become a temple of knowledge and produced hundreds of eminent and skilled engineers, who are successful in their careers, serving all over the world. The college has taken rapid strides and shown enormous growth on all fronts and earned a place in the list of the best engineering colleges in the state of **Andhra Pradesh**.

Pragati Engineering College maintains high standards of education by providing a wide array of top-notch academic facilities and employing highly qualified and experienced faculty members. The college has created a resourceful and inspiring academic ambience and outstanding infrastructure that promotes **quality education**. The college houses separate blocks for each department and also has a central library with an e-learning facility. This infrastructure acts as a facilitator for the effective delivery of the curriculum. The college provides separate houses for Arts, NSS, NCC, Sports and Games, and co-curricular and extra-curricular clubs.

The College Offers Courses in the following Engineering Branches:

B.TECH

- Civil Engineering (CE)
- Electrical and Electronics Engineering (EEE)
- Mechanical Engineering (ME)
- Electronics and Communications Engineering (ECE)
- Computer Science and Engineering (CSE)
- CSE-Artificial Intelligence & Machine Learning (CSM)
- CSE-Artificial Intelligence (CAI)
- CSE- Data Science (CSD)
- CSE- Cyber Security (CSC)
- Information Technology (IT)

M.TECH

- Computer Science and Engineering (CSE)
- VLSI System Design (ECE)
- Power Electronics and Electric Devices (EEE)
- CAD/CAM (ME)

INSTITUTION VISION

To Emerge as a Premier Institution for Technical Education in the Country through Academic Excellence and to be Recognized as a Center for Excellence in Research & Development, catering to the needs of our Country.

INSTITUTION MISSION

To realize a strong Institution by consistently maintaining State-of-art-infrastructure and building a cohesive, World Class Team and provide need based Technical Education, Research and Development through enhanced Industry Interaction.

ABOUT THE DEPARTMENT

Department of CSE (Artificial Intelligence) Established in the year 2021, with an intake of 60. The intake is increased to 180 in the year 2022-23.

- The department of AI has been set up with a goal of training students and conducting research in the fields of Artificial Intelligence. The department consists of highly qualified and dedicated faculty from the reputed institutes. The department aims to train the student as leaders in AI with world class infrastructure, curriculum and comprehensive hands-on experience through industry connect programs.
- The goal of the department is to ensure the academic excellence in students with wide exposure of research and career opportunities. The ultimate goal is to nurture the academic excellence, industry exposure and outstanding career opportunities to our students.
- What is AI?

Living in the age of information, technological advancements like Graphical Processing Units, Sensors, and Cloud storage have enabled us to capture information efficiently, process quickly and store it in large amounts. These advancements enhanced the applications of Machine learning and Neural Networks to a wide number of fields like Speech Technology, Computer Vision, Natural Language Processing, Robotics etc. The advancements in all these domains together created a transition from information systems into intelligent systems.

B.Tech – CSE(AI) Advantages

- High Demand for AI Professionals
- Lucrative Career Opportunities
- Versatility
- Innovation and Research
- Problem-Solving Skills
- Interdisciplinary Knowledge
- Ethical Considerations
- Entrepreneurship Opportunities
- Global Opportunities
- Continuous Learning
- Solving Real-World Problems

DEPARTMENT VISION

To emerge as a center of technical expertise in the field of Artificial Intelligence by producing globally competent professionals with technical & research capabilities, ethical values and team spirit.

DEPARTMENT MISSION

M1: To develop skilled and capable software professionals in the field of Artificial Intelligence.

M2: To induce application-oriented skills and research capabilities in students for the betterment of the society.

M3: To instill ethical and human values in students, enabling them to adapt to the evolving field of Artificial Intelligence.

PROGRAM SPECIFIC OUTCOME(PSOs)

PSO1: Apply artificial intelligence techniques, software tools to conduct experiments, interpret data and to solve complex problems.

PSO2: Design and development of intelligent automated systems for the benefit of society by the use of AI.

PSO3: Adapt to a rapidly changing environment by learning and employing emerging software tools and technologies in the area of Artificial Intelligence.

PROGRAM EDUCATIONAL OBJECTIVES (PEOs)

PEO1: Graduates are prepared to apply analysis, predictions, optimization, decision making and develop skills in order to formulate and solve complex problems with artificial intelligence.

PEO2: Graduates are prepared to take up higher studies, research & development and other creative efforts in the area of AI which drives scientific and societal advancement through technological innovation and entrepreneurship.

PEO3: Graduates are prepared to use their skills and abilities in an ethical & professional manner.

About STRIDES

STRIDES — an acronym for Students, Research, Innovation, Design, Entrepreneurship, and Symposium

— stands as a vibrant testament to the vision, creativity, and technological excellence of our institution. More than a technical event, STRIDES has evolved into a celebration of innovation, interdisciplinary collaboration, and intellectual growth, providing a powerful platform for students to explore, experiment, and excel.

The journey of STRIDES began in 2007 as a modest initiative led by four pioneering departments: **Electronics and Communication Engineering (ECE)**, **Electrical and Electronics Engineering (EEE)**, **Mechanical Engineering (ME)**, and **Computer Science and Engineering (CSE)**. By 2011, STRIDES expanded into a unified technical platform, bringing together all departmental activities under a single banner and strengthening the culture of collaborative learning.

A major transformation occurred in 2023, when STRIDES embraced emerging domains by inducting the departments of **Artificial Intelligence (AI)**, **Data Science (DS)**, and **Artificial Intelligence & Machine Learning (AI&ML)**. In the same year, the fest transitioned into a **hybrid mode**, enabling participation from both physical and virtual audiences, thus evolving into a truly global space for knowledge exchange and innovation without geographical boundaries.

STRIDES 2025 carried forward this spirit of excellence with each department presenting a distinct symposium theme:

- 1. CE – ELEVER**
- 2. EEE – EXULT**
- 3. ME – ERUDITE**
- 4. ECE – E-JIVE**
- 5. CSE – EPROZYNE**
- 6. IT & CSE (CS) – EMITRIX**
- 7. CSE (AI & ML) – E-ARTIFACT**
- 8. CSE (DS) – E-DATUM**
- 9. CSE (AI) – EBHIGNA**

STRIDES 2K26 – A Bigger, Broader, and Bolder Edition

This year, **STRIDES 2K26** grows further in scale and diversity by introducing exciting new components along with the existing **10 departmental technical symposiums**:

- **Pragati Internal Hackathon** — a campus-wide innovation challenge encouraging problem-solving, rapid prototyping, and teamwork.
- **E-Prerana** — promoting entrepreneurship, start-up culture, business pitching, and innovation-driven thinking among students.
- **Tech Splash – 3 Open Technical Events** — interdisciplinary competitions designed to attract participants from all branches, fostering creativity beyond departmental boundaries.

The STRIDES 2K26 Schedule is given below

Date & Day	Name of the Event
06.01.2026 Tuesday	E-Prerana2K26 Pragati Internal Hackathon
07.01.2026 Wednesday	Dept. of CSE (DS) – <i>EDATUM</i> Dept. of CSE (AI & ML) – <i>E-ARTIFACT</i> Dept. of ME – <i>ERUDITE</i> Tech Splash Event: AI Tools
08.01.2026 Thursday	Dept. of IT & CSE (CS) – <i>EMITRIX</i> Dept. of ECE – <i>e-JIVE</i> Dept. of CE – <i>ELEVER</i> Tech Splash Event: Quantum Computing
09.01.2026 Friday	Dept. of CSE – <i>EPROZYNE</i> Dept. of CSE (AI) – <i>EBHIGNA</i> Dept. of EEE – <i>EXULT</i> Tech Splash Event: Cyber Security

MESSAGE OF CHIEF GUEST

Dr.T SIVA RAMA KRISHNA

I am honoured to have been associated with EBHIGNA 2K26, a well-conceived and professionally executed technical event. The systematic planning and effective coordination demonstrated by the organizing team were commendable. The project presentations and technical activities reflected a strong integration of theoretical concepts with practical applications, highlighting the students' analytical abilities and technical competence.

The event successfully fostered a culture of innovation, collaboration, and disciplined execution among the participants. EBHIGNA 2K26 served as an excellent platform for encouraging experiential learning and for promoting awareness of emerging trends in Artificial Intelligence and allied technologies. I extend my appreciation to the organizers, faculty members, and student participants for their dedicated efforts and congratulate them on the successful conduct of the event.

DEPARTMENT FACULTY TEACHING STAFF

1. Mrs. K Lakshmi Viveka	HoD & Associate Professor
2. Mrs. T Tejasvi	Assistant Professor
3. Mr. M Veerababu	Assistant Professor
4. Mr. S S V S Kumar	Assistant Professor
5. Mr. D Ramesh	Assistant Professor
6. Mr. P Krishna Chaitanya	Assistant Professor
7. Mrs. P Devi Sravanthi	Assistant Professor
8. Mr. T Jagadeesh	Assistant Professor
9. Mrs. P Seshu Kumari	Assistant Professor
10. Ms. R Theresa Joe	Assistant Professor
11. Ms. S Vijay Durga	Assistant Professor
12. Mrs. M Madhuri	Assistant Professor
13. Ms. P Keerthana	Assistant Professor
14. Mr. M Venkata Nooka Raju	Assistant Professor

NON-TEACHING STAFF

1. Mr. K Srihari	Programmer
2. Mr. V Gangeswara Rao	Technician
3. Mrs. K V Sirisha Devi	Computer Operator
4. Mrs. P Varalakshmi	Attender

EBHIGNA-ATAGLANCE

EBHIGNA is a major technical event held every year as part of STRIDES, organized by the Department of CSE (Artificial Intelligence) at our campus. Pragati Engineering College's Department of CSE (AI) will host the National Level Technical symposium, 'STRIDES' - 2K26, which will take place on January 9, 2K26. This event aims to gather students, professionals, and industry experts to share knowledge and advancements in AI and computer science. The symposium will include keynote speeches from esteemed guests and competitions like Escape The Lab, Code Golf, Code Jiggle, and Promptopia. Students from various engineering colleges are expected to attend, making it a great opportunity for networking and learning. The event will wrap up with a project exhibition, showcasing innovative AI solutions to real-world problems.

EVENT WISE DETAILS

The banner features a futuristic, circuit-board-like background. In the top left, there's a circular logo for 'METAVERSE CLUB' with a brain icon. The top center has the college's name 'Pragati ENGINEERING COLLEGE (AUTONOMOUS)' with a small emblem. The top right features the event name 'CodeJiggle' with a wavy, colorful graphic. On the left, there's a QR code with the text 'REGISTER ON' above it. The main title 'STRIDES EBHIGNA CODE JIGGLE' is in large, bold, colorful letters, with 'an online event...' in smaller text below it. To the right is a 3D rendering of a blue and white astronaut in a dynamic pose. The right side of the banner has the text 'CODE CREATE CONQUER.' in large, white, block letters. Logos for 'PATHHUB' and 'STRIDES' are also present.

Code Jiggle is a dynamic two-round coding competition designed to test participants' programming fundamentals, problem-solving ability, and practical coding skills.

Round 1 – Technical Quiz (25 Minutes)

The first round is a time-bound quiz consisting of 25 multiple-choice questions covering programming basics and aptitude. This round evaluates participants' understanding of core concepts such as logic, syntax, problem analysis, and reasoning speed. Only those who perform well will advance to the next round.

Round 2 – Design & Implementation Round (1 Hour)

In the second round, qualified participants will be given a set of problem requirements and asked to design and develop functional code within the allotted time. This round focuses on assessing logical thinking, algorithm design, coding efficiency, and correctness of implementation. Participants must translate requirements into working solutions, demonstrating their ability to apply concepts in real-world scenarios.

Overall, Code Jiggle challenges participants to think critically, code efficiently, and perform under time constraints, making it an exciting test of both theory and hands-on coding expertise.

Guidelines:

1. Participants must maintain honesty and integrity throughout the event; any form of malpractice or

unfair practice will lead to disqualification.

2. All answers and code must be submitted within the specified time limit; late submissions will not be considered.
3. Participants must strictly follow the instructions and rules provided by the event organizers.
4. Only approved tools, programming languages, and environments are permitted during the event.
5. All code and submissions must be original, meet the given requirements, and generate the correct output as specified.

PATHUB
Pragati Advanced Technology Hub

Code Golf is an exciting and creative coding challenge that encourages participants to solve simple programming problems using the shortest possible code. The event focuses on writing concise, efficient, and clever solutions, where every character counts.

Participants are required to use only the C programming language to develop their solutions. While brevity is the key factor, the code must still produce the correct output for all given test cases. Solutions that are shorter but incorrect will not be considered valid.

This event emphasizes creative thinking and unconventional problem-solving techniques, pushing participants to explore compact syntax, clever logic, and unique coding tricks within the constraints of C. The participant who achieves the fewest character count while maintaining correctness will be declared the winner.

Code Golf is ideal for those who enjoy optimizing code to its absolute minimum and discovering innovative ways to express logic with maximum impact and minimal length.

Guidelines:

1. Participants are permitted to use only the C programming language for writing their solutions; use of any other language will result in disqualification.
2. The primary objective is to develop a fully functional program using the minimum number of characters, while still meeting all problem requirements.
3. The solution that produces the correct output with the shortest valid code length will be declared the

winner.

4. All submissions will be evaluated by the judges, and the decision of the judging panel shall be final and binding.

Faculty Coordinators:

Mrs. T Tejasvi, Assistant Professor

Mr. D Ramesh, Assistant Professor

Student Coordinators:

B Srijaa- 23A31A43D4 - 78539 45101

PARTICIPATION COUNT:

Total Registrations: 317

Internal / External: 302 / 15

Registration Link: <https://forms.gle/UHk4eMwbtoW4otsf9>

Note: Only registered participants can avail E-Certificates.

WINNERS AND RUNNERS:

S.NO	Name of the Event	Winning Position	Student Details
1.	Code Golf	1st	Name: UDUTHA ROHIT Branch: CSE(AI)- B Year: III College: Pragati Engineering College
2.		2nd	Name: N NITYA BHARGAVI Branch: CSE(AI)- C Year: III College: Pragati Engineering College
3.		1st	Name: TADI SAI KRISHNA Branch: CSE(AI) Year: 2 nd College: Pragati Engineering College
4.		2nd	Name: PINNAMARAJU NARASIMHA Branch: CSE(AI) Year: 2 nd College: Pragati Engineering College
5.		1st	Name: B. Satwik Branch: CSE AI Year: 2 nd College: Pragati Engineering College
6.		2nd	Name: A.B.Shreyash Branch: CSE AI Year: 2 nd College: Pragati Engineering College

METaverse CLUB

In this challenge, participants will be presented with an image that may be either AI-generated or a real photograph. The objective is to carefully observe every visual detail and craft the most accurate and descriptive text prompt that could recreate the given image using an AI image generation model such as DALL·E, Midjourney, or Leonardo AI.

The quality of the prompt will be evaluated based on its clarity, completeness, creativity, and faithfulness to the original image. The closer the generated image would be to the original, the higher the score. This event tests participants' observation skills, creativity, attention to detail, and understanding of prompt engineering, highlighting how effectively words can guide AI to produce visually accurate results.

Guidelines:

1. Participants will be shown one image (AI-generated or real).
2. The objective is to write a text prompt that can accurately recreate the image using an AI image generator.
3. The prompt should describe:
 - Main subject(s)
 - Background and environment

- Lighting and colors
- Mood or atmosphere
- Art style or realism
- Camera angle and composition.

4. Internet access or AI tools are not allowed unless specified by the organizers.
5. Each participant must submit the prompt individually.
6. The challenge must be completed within the given time limit.
7. Submissions should be in plain text format only.
8. Evaluation will be based on:
 - Accuracy
 - Level of detail
 - Prompt clarity
 - Creativity and relevance
9. Plagiarism or rule violation will lead to disqualification.
10. In case of a tie, an additional image may be provided for a tie-breaker.

Faculty Coordinators:

Mr. P Krishna Chaitanya, Assistant Professor

Mr. M Veerababu, Assistant Professor

Student coordinators:

P. Akshaya - 23A31A4381 - 9390656725

D. Devi Priya - 23A31A4368 - 9637133777

Sk. Asma - 23A31A4384 - 7569942784

T. Kranthi Sri - 23A31A4385 - 7670914226

PARTICIPATION COUNT:

Total Registrations: 402

Internal / External: 394 / 8

Registration Link : <https://forms.gle/msMBvczpcTSDchoGA>

Note: Only registered participants can avail E-Certificates.

WINNERS AND RUNNERS:

S.NO	Name of the Event	Winning Position	Student Details
1.	Promptopia	1st	Name: P. Surya Bhaskar Branch: CSE(AI)- B Year: III College: Pragati Engineering College
2.		2nd	Name: N. Varshith Branch: CSE(AI)- A Year: I College: Pragati Engineering College
3.		1st	Name: K. Meghana Sahithi Branch: CSE(AI) Year: 2 nd College: Pragati Engineering College
4.		2nd	Name: Shah Sana Azmi Branch: CSE(AI) Year: 2 nd College: Pragati Engineering College
5.		1st	Name: KALAM BALA MURALI KRISHNA Branch: CSE(AI) Year: III College: Pragati Engineering College
6.		2nd	Name: Mamidi Navaneeth veer Branch: CSE(AI) Year: III College: Pragati Engineering College

LIST OF PARTICIPANTS

S.No	Name of the Student	Name of the College	Year
1	Kasilanka Yajnisha	Pragati Engineering College	3
2	R. Subhashini	Pragati Engineering College	2
3	Naga Divya Bandaru	Pragati Engineering College	2

S.Naveen Kumar 70133 96156
M.Tejaswi 79819 25662
P.Lavanya 93906 92334

Escape the Lab is a story-based technical challenge where participants must solve logical puzzles, debug clues, and decode messages to escape a virtual research lab.

With each round they unlock, they move closer to freedom—combining fun, curiosity, and technical skill.

Guidelines:

1. The event will be conducted in teams of maximum three members.
2. Participants must solve a series of logical, technical, and decoding challenges to unlock each stage of the virtual lab.
3. Each level will contain puzzles, debugging tasks, and cryptic clues connected to the storyline.
4. Use of mobile phones, internet, or external help during the event is strictly prohibited.
5. Participants must carefully follow the storyline and clues, as each round is linked to the next.
6. The first participant to successfully escape the lab (complete all rounds) will be declared the winner.
7. Participants must report 15 minutes before the event for briefing and verification.
8. Judges' and organizers' decisions will be final and binding.

Faculty Coordinators:

Mrs. P Seshu Kumari, Assistant Professor

Mrs. P Devi Sravanti, Assistant Professor

Student coordinators:

S.Naveen Kumar - 23A31A4357 - 7013396156

R.Karteek - 23A31A4354 - 9948549321

M.Tejaswi - 23A31A4318 - 7981925662

P.Lavanya - 23A31A4319 - 93906 92334

PARTICIPATION COUNT:

Total Registrations: 310

Internal / External: 301 / 9

Registration Link: <https://forms.gle/rAH2Z9wpNmXYmubS7>

Note: Only registered participants can avail E-Certificates.

WINNERS AND RUNNERS:

S.NO	Name of the Event	Winning Position	Student Details
1.	Escape The Lab	1st	Name: BAIRI VAMSI Branch: CSE-C Year: III College: Pragati Engineering College
2.		2nd	Name: R NOOKA RAJU Branch: CSE(AI)- B Year: II College: Pragati Engineering College
3.		1st	Name: G. Teja Yashwanth Branch: CSE(AI) Year: II College: Pragati Engineering College
4.		2nd	Name: P. Praveen ram veer Branch: CSE(AI) Year: 2 nd College: Pragati Engineering College
5.		1st	Name: P v Yeshwanth Branch: CSE(AI) Year: 2 nd College: Pragati Engineering College
6.		2nd	Name: Shaik Sohel Branch: CSE(AI) Year: 2 nd College: Pragati Engineering College

LIST OF PARTICIPANTS

Project Titles and Abstracts

Title: PragFix

Abstract: Pragati Engineering College introduces PragFix, a full-stack web platform designed to revolutionize campus maintenance and sustainability. The system centralizes issue reporting—from broken equipment to resource wastage—enabling real-time tracking, role-based task management, and data-driven analytics. By streamlining workflows, it reduces resolution time, lowers operational costs, and promotes resource conservation. With future-ready features like AI prediction, IoT integration, and mobile access, CampusFix transforms into a scalable digital infrastructure for smarter, more sustainable campuses.

Title: CollabX

Abstract: Our project is a college-exclusive platform that connects students through skill exchange while maintaining a complete academic and achievement profile.

Students can learn by teaching, collaborate for hackathons and projects, and showcase skills, portfolios, and participation.

Title: Drowsiness Detection System

Abstract: Driver drowsiness is a major cause of road accidents, especially during long-distance and night driving. This project presents an AI-based system that monitors a driver's facial features in real time using a camera. By analyzing eye movements and calculating the Eye Aspect Ratio (EAR), the system detects prolonged eye closure to identify drowsiness. When drowsiness is detected, an audio alert warns the driver immediately. The system is non-intrusive, cost-effective, and suitable for real-time vehicle safety applications.

Title: Maze Solver Robot

Abstract: The Maze Solver Robot is an autonomous system that navigates a maze without human intervention. Using an Arduino Uno, ultrasonic sensors, and an L298 motor driver, the robot detects obstacles, makes navigation decisions, and controls motor movement. A maze-solving algorithm such as the left-hand rule ensures reliable path selection. This project demonstrates basic concepts of embedded systems, sensor integration, and autonomous robotic navigation.

Title: GRADYX

Abstract: Manual evaluation of examination answer sheets is a time-consuming and inconsistent process that places a heavy workload on examiners and often delays result publication. To address these challenges, this project proposes GRADYX, an AI-based Online Answer Sheet Evaluation System designed specifically for B.Tech academic examinations.

Title: Digital Health Card

Abstract: The digital card which gives the vital patient information in a single, unified card. By only a single scan of the QR we get the total present and past information. Also it is encrypted.

Title: Multilingual Translator

Abstract: This Multilingual Translator application is built using Python's Tkinter library and Googletrans for text translation. It supports multilingual communication by allowing users to input text, select a target language, and receive instant translations. This project also integrates gTTS for text-to-speech functionality and enables translation of text files. With a simple interface and versatile features, it helps bridge language barriers effectively.

Title: Virtual Mouse

Abstract:

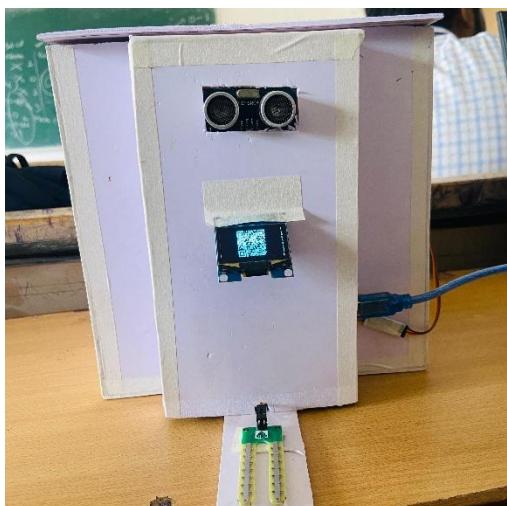

Developed a real-time gesture recognition system leveraging Media pipe and OpenCV for efficient hand-tracking. Integrated gesture-based controls to adjust system brightness, volume, and perform mouse actions such as clicks, drag, and scroll. Utilized advanced algorithms to differentiate between various hand gestures with minimal lag and high accuracy.

Title: Chat room using flask module

Abstract: The project is a real-time chat application built using Flask and Socket.IO. Flask serves as the backend framework, handling routing and server logic, while Socket.IO facilitates real-time bidirectional communication between clients and the server. Users can join chat rooms, send messages, and see updates instantly without reloading the page. The application supports multiple chat rooms, user authentication (optional), and message broadcasting. It's an ideal project to demonstrate real-time web application capabilities using Python.

WINNERS AND RUNNERS:

S.NO	Name of the Event	Winning Position	Student Details
1.	Project Expo	1st	Name :Mithilesh Maddipati Branch :CSE (AI) Year :4 th College:Pragati Engineering College
2.		2nd	Name: K.S.V.M.S.MOURYA Branch: CSE AI-C Year: 2 nd College: Pragati Engineering College

EVENT SUMMARY

EBHIGNA 2K26 was successfully conducted as a student-centric technical event aimed at promoting innovation, creativity, and technical excellence. The event provided an effective platform for students to demonstrate their skills through various technical competitions, project expos, and interactive sessions. It encouraged collaborative learning, enhanced problem-solving abilities, and offered valuable exposure to emerging technologies, making the event a significant and enriching academic experience for all participants.
