REPORT ON NATIONAL ENGINEERS WEEK

On the occasion of National Engineers Week, observed annually from 22nd to 28th Feb., the Student Association of the Department of CSE(Data Science) organized an engaging and impactful activity "Data Story Telling" on 25th Feb 2026.

DATA STORY TELLING is where participants combine diagrams, and creative visuals using charts to explain data in a meaningful and impactful way. Charts not only show numbers but also include hand-drawn diagrams or visual representations that clearly explain the data and strengthen the narrative. The aim is to transform data into a powerful visual story that communicates insights effectively.

This activity is conducted for II,III and IV year B.Tech students. Through this activity, students were encouraged to explore various datasets and develop skills in research, visual communication, and public speaking.

Total 22 teams had participated in the event and here are the details of the teams won:
