A Report on Offline Guest Lecture on Product Management for Data Science Engineers

Title: An Interactive Session on Product Management for Data Science Engineers

Speaker: Mr. Jagannath Suhit

Organized by: Department of CSE (Data Science) under the Society for Data Science (S4DS) Student Chapter

Designation: Senior Product Manager at Keka Technologies Pvt. Ltd., Hyderabad, with 10 years of experience in the IT industry.

Date: 31-01-2026

No. of Participants: 211

The Department of Computer Science & Engineering (Data Science), under the aegis of the Society for Data Science Student Chapter, successfully organized an interactive offline session "Product Management for Data Science Engineers" on **31st January 2026**. The guest lecture was delivered by, Mr. Jagannath Suhit as Senior Product Manager at Keka Technologies Private Limited, Hyderabad.

The event witnessed unenthusiastic participation of 211 **students and faculty members** from the department. The session commenced with a warm welcome to Mr. Jagannath Suhit by the followed by a brief introduction to his vast academic and research contributions in the product manager.

Key Highlights of the Session:

- **Introduction to Product Management:** The speaker explained the role of a Product Manager and how product management connects business goals, technology, and user needs.
- **Role of Data Science Engineers in Product Development:** Students learned how data science engineers work with product teams to build data-driven products and make decisions using analytics.
- **Product Lifecycle:** The session covered stages such as idea generation, requirement gathering, development, testing, deployment, and continuous improvement of a product.
- **Industry Tools & Practices:** The speaker discussed commonly used tools, agile methodology, teamwork, and communication skills required in real-world product environments.
- **Career Guidance:** Guidance was given on how students can prepare for careers in product management and data science, including required technical and soft skills.
